"It is extremely important that partners of highly professional legal firms provide their views on problems of the country in which they live and place them in a broader context. This is how I see the approach of TaylorWessing."

**Zuzana Čaputová, attorney cooperating with Via Iuris**

"In situations when the rule of law in Slovakia is under threat, it is very remarkable that there are still cases when law is practiced here by people who have not given up their values and faith in the power of legality and the path of the law."

**Zuzana Wienk, Aliancia Fair Play**

"They have proven that success and competence go perfectly well together with integrity and audacity."

**Pavol Žilinčík, former legal and political advisor of the US Embassy in Bratislava**

"What I really value about these lawyers is the fact they do not take their profession solely as a business, but with their expertise and media presence they have been trying to change Slovakia into a country with reduced level of corruption and enhanced rule of law."

**Gabriel Šípoš, Transparency International**

"I can rely on them to provide advice on any topic related to law. I always get more than just simple answers to my questions. Due to this fact, I could cover a lot of important issues that I would not have been able to write about without the special readiness of their team."

**Adam Valček, daily newspaper SME**
